### dog

The Hampton Animal Control Department needs help locating a dangerous dog.

Earlier today, Sunday, April 8, a pit bull attacked a woman walking at the intersection of Queen Street and LaSalle Avenue, according to Animal Control officials. The attack was unprovoked.

The dog is a 4-year-old male pit bull, brindle and white. The victim believed she heard a shot, and the dog ran off.

The dog will not be harmed but needs to be observed to ensure it is free of rabies. Even if the dog is not alive, Animal Control needs its body to be tested for rabies.

The victim suffered a gash in her leg but has been treated and released.

If you see this dog or its body, please call Animal Control at 722-6111 or 727-2816. Do not attempt to approach the animal.
